City: _____ State: _____ Zip/Postal Code: _____

Phone: _____ E-Mail Address: _____

Company Name: switched /moved from above _____ Job Title: _____ switched/moved _____

Human Resource Contact Person: _____

HR Phone: _____ HR E-Mail Address: _____

By my initial and signature below, I acknowledge that I have read and understand:

(Initial) _____ The CAS Level 2 – Interim Status pre-requisite form and instructions

I do hereby certify that I have read and met the prerequisites for the Coating Application Specialist (CAS) Level 2 Certification Program - Interim Status

Signed: _____ Date Submitted: _____

Name & title (please print): _____

(Initial) _____ I acknowledge that failure to report accurate, complete information will delay my application. Omission or falsification of information or failure to answer all questions truthfully will result in withholding or denial of certification status.

SSPC is concerned about protecting the confidentiality of our members. If you pass the course or certification exams, your name and contact information will be placed on our website.

Would you want your information posted on our website? Please check one of the boxes below:

Yes: No:

If you do not check one of the boxes, your information will be listed on the SSPC website.

Please check off the exam(s) that you plan to take:

- CAS Level 2 (Interim Status) – Written Exam
- CAS Level 2 (Interim Status) – Written Exam **Spanish Version**
- CAS Level 2 (Interim Status) – Hands-On Blaster Exam
- CAS Level 2 (Interim Status) – Hands-On Sprayer Exam

Pre-Requisite Information

Potential examiners must meet the following prerequisites (please check selected process):

		Work Experience	Training History
<input type="checkbox"/>	Process A	2 years (minimum 2,000 hours)	150 hours of accepted, formal training
<input type="checkbox"/>	Process B	3 years (minimum 3,000 hours)	n/a

Work Experience- Information entered here should match the Additional Information form

This section is to be completed in reverse chronological order, starting with your most current employer. You may duplicate as many copies of this page as is necessary for complete documentation of your work history.

Related work experience is defined as work as an abrasive blaster and spray painter in an industrial or marine environment. Eligibility is subject to verification by SSPC.

The following information must be included in your description:

- Type(s) of blasting and painting work performed
- Type(s) of surface preparation equipment used
- Type(s) of coatings applied
- Type(s) of structures worked on

Please note: Supervisory experience is not sufficient.

Training History

Accepted formal training includes:

1. Any SSPC In-Person or On-line Training Course. SSPC courses range 8 to 40 hours and can be found at: [http://www.sspc.org/training/SSPC Training Programs from A Z/](http://www.sspc.org/training/SSPC_Training_Programs_from_A_Z/). **Please note:** The recommended On-Line Training Program for candidates to obtain their formal training is: Applicator Training Basics E-Course – 80 hours. This e-course covers the "Core Body of Knowledge" of ACS-1/NACE 13 requirements for surface preparation and application as well as safety in painting.

2. Specialty modules that meet the full body of knowledge: SSPC has added seven new modules to help contractors meet the Full Body of Knowledge as outlined in SSPC ACS-1/NACE 13. The CD, containing a student manual, written exam, answer key, instructor manual and slide presentation, will provide you with a complete plan on how to successfully provide the training to your workers.

A list of CD topics may be found at: <http://www.sspc.org/SSPC-Specialty-Module-CDs/>.

3. Professional Development or Continuing Education: SSPC, NCCER, IUPAT, FTI application specialist training, college, apprenticeship or trade school courses in the sciences, math, English or equivalent that meet the SSPC Transition Plan Body of Knowledge. The SSPC program administrator must approve any formal training and the candidate must submit the training certificate for the course.

4. OSHA 10 - Occupational Safety & Health Issues Course (10 Hrs) or OSHA 30 (30 Hrs.)

5. Lead Health and Safety Training

6. Documented Supplier Training on equipment operation or application/handling or material

7. Toolbox and other Safety and Health Training

8. Local Shipyard or Local Safety/Council or Chemical/Refinery Plant Training related to coatings

9. SSPC Applicator Training delivered by an Instructor approved to provide the ATT Curriculum

10. If a contractor's Quality Control Supervisor gives a coatings course to his workers, SSPC will accept this. We would need a copy of the course curriculum and the number of hours that the course is.

11. If a certified CAS person teaches a 20 + hour coatings course, SSPC will accept this. We would need a copy of the course curriculum and the number of hours that the course is.

Please describe any formal training courses you have completed below:
