

The Finishing Trades Institute of the Ohio Region

NACE TRAINING PROGRAM

LOCATION: **Strongsville Training Center, 8257 Dow Circle W, Strongsville, OH 44136**

NACE CIP LEVEL 1 (NACE Certified Coating Inspector - Level 1)

CIP Level 1 is a six-day course that offers a full 60 hours of instruction on the technical and practical fundamentals of coating inspection work for structural steel projects. This course provides students with knowledge of coating materials and techniques for surface preparation and application that prepares the student to perform basic coating inspections using non-destructive techniques and inspection instrumentation.

Classroom instruction is comprised of lectures, discussions, group exercises and hands-on practical labs that teach the student how to perform basic inspection tests. A written exam, practical exam, and inspector log book evaluation are given at the end of the course.

NACE CIP LEVEL 2 (NACE Certified Coating Inspector - Level 2)

CIP Level 2 is a six-day course that focuses on advanced inspection techniques and specialized application methods for both steel and non-steel substrates, including concrete. The course provides in-depth coverage of: surface preparation; coating types; inspection criteria; lab testing; and failure modes for various coatings, including specialized coatings and linings.

NACE PEER REVIEW (NACE Certified Coating Inspector - Level 3)

CIP Level 3 Peer Review is an intensive, detailed oral examination that is given in front of a three-member review board and lasts approximately two hours. There is no corresponding coursework for CIP Level 3, only an oral assessment.
